Dundee Interdisciplinary and Innovation Forum (DIIF)

Programme of Events
July – December 2020

DIIF events are designed to bring university research staff together and to bridge them with industry - to share knowledge and ideas, to collaborate, to problem solve and to encourage interdisciplinary working.

Our 2020 programme of events are linked to themes of Artificial Intelligence & Data, Global Challenges Research Fund (GCRF), Information Resources, Regional Engagement, Research Environment and Society & Impact. We invite you to take a look at our programme and to register in advance for events that take your interest.
